

Application for Bicycle Permit

All bicycles stored on Lakeside Terrace Condominium (LTC) property must be properly registered with the Association, and a bicycle permit displayed on the bike frame directly under the seat. With limited storage space for bicycles, and the inability to identify abandoned property, management must be able to identify a bicycle’s owner. The bike permit serves this purpose. After Monday, May 10, 2017, any bicycle not in good working order, or not displaying a Lakeside Terrace Condominium bike permit, will be donated. For your convenience, bicycle permit applications are available in your building mailroom and the condominium office.

We remind residents that bicycle storage is provided utilizing the approved bicycle racks located in each building penthouse. Bicycles may also be stored in your assigned storage bin in the penthouse, or inside your condominium. Bicycles may not be attached in any manner to the outside fence, or stored anywhere on the exterior of the building, except in an area approved for that purpose by the Board of Directors. Management may remove and or donate a bicycle found in an unapproved area. Bicycle storage is at your own risk.

****Please fill out the form today and obtain a permit sticker for****
Compliance

Name: _____ Assigned Permit #: _____

Unit #: _____ Phone #: _____

Bike Manufacture: _____

Bike Color: _____

Bike Serial Number: _____

Please contact the condominium office with any questions at (301) 365-2411.

Your anticipated cooperation is much appreciated.

ON BEHALF OF THE BOARD OF DIRECTORS,

Iman Jackson CMCA, AMS,
General Manager
